Whenever any condition, structure or place in the Borough is found by the Board of Health to be a nuisance or a danger or menace to the public health, safety or general welfare of the people of the Borough, the said Board shall issue a written order of abatement directed to the owner, or agent of the owner, or occupier of the premises, as the case may be, stating that the conditions specified therein constitute a nuisance or a menace to the public health, safety or general welfare, and ordering an abatement or removal thereof within such time as shall be specified by the Board in such order.
